

# Dream Corner

Journey to FREEDOM!!! 22 years ago I believe God brought me out of the corporate world for a much bigger purpose and calling for my life through Mary Kay. It has been a journey of MANY "victories" (including 13 cards) and many challenges where I have experienced the hand of God maturing me, pruning me, and preparing me on this journey of getting to National Sales Director...a dream He placed in my heart many years ago.

I am humbled by the way God always has just the right people, at just the right time, for just the right purpose in our lives to prepare us for our higher calling and that when we operate by faith and not by our circumstances we can bring glory and honor to Him and truly touch lives, empower women, and give hope to the hurting!

I used to always think consistency was the key success...however...through this journey of life and Mary Kay I've realized that even if you are consistent but doing the wrong things you will continue to circle the mountain. To actually move UP the mountain and experience God's absolute BEST...you must incorporate discipline...I have learned the discipline is the major difference between National and Directors and between Directors and Consultants...the extremely successful people are truly willing and obedient to operate through discipline rather than emotions and are incredibly rewarded for those efforts through this company!!!

I fully believe we are blessed to have such an incredible opportunity through our Mary Kay where we can experience all life has to offer...to learn the lessons of bounce back ability...to learn how to communicate and grow our people skills...to learn how to press on and never give up...and to be able to celebrate our victories with the sisterhood that is second to none!

I thank God above for continuing to be my business partner and for all the "life lessons" He has brought me through as we continue this journey to National!

DISCIPLINE = FREEDOM (freedom that relieves stress...freedom to be other's focused...freedom to experience "choices" and freedom to enjoy life to the absolute fullest!!!)

May God bless and encourage you today to operate in the fullness of the gifts and talents He has placed inside of you and the courage and passion to run your race to WIN!!!!

Love & Hugs,

Shannon Erling

Future National Sales Director!!! :)
