

Dream Corner

When Mona called and asked me to be featured in the “Dream Corner” of her Newsletter, I was really confused. My current dreams were so much different than Laurie’s or Diana’s. She made me stop and think about it, like only Mona can do; she was not going to give me the answers. Then it hit me like a ton of bricks why I should share my story.

When I signed my agreement in October of 2001, I had no idea what Mary Kay Cosmetics was all about especially because I had spent my whole career working for large corporations in Corporate America, which were all about what the employees could do for the company. I was very familiar with the Mary Kay products since I had been using them for over 19 years but had never been facialed or attended a skin care class, but thought they were just sold through the Look Book; the way I had always purchased them.

I’ll never forget my first seminar August 2002; this is when I really realized how privileged I was to be part of this incredible company! It proved to me that Mary Kay was all about what they can do to support me to reach my dreams!

Then, February, 2005, my life drastically changed; I was diagnosed with Stage 4 Non-Hodgkins T-Cell Lymphoma and was hanging on to my life by a very weak string. Mona was contacted immediately and from then on was a major support to both Frank and I. Word spread very rapidly throughout Mary Kay and I immediately received several prayers and cards from all over the company, from the top executives, our emerald sales development division, directors and consultants from everywhere and especially from you, my very special sister directors. What an incredible company we can be very proud to call our own!

Frank & Peggy Thomas

Over these past three years, I have beaten the cancer but am dealing with multiple complications from the Stem Cell Transplant I had in November, 2005. The last time I visited my Oncologist, he told me that he shakes his head at how I have survived everything I have gone through and he realizes it has to be God and all the incredible friends and family that continue to pray for me during this time. I thank you with my entire heart for your loving prayers!

Mary Kay is a precious gift I have received from God and I will be forever grateful for the continual support of our organization.
